Hal Leonard 102842 Disney Princess Favorites With Little Mermaid/Beauty And The Beast/Princess - Learn And Play Recorder Pack Box

Customer Reviews

I love these books!!! They are great for teaching beginners how to play and understand how the different notes work. I already have my own recorder but I thought I might try this one out. I however was disappointed in the quality of the included recorder. The recorder has a very high pitched squeaky even when you are covering the holes completely and correctly. I think this would soon become a quick annoyance to parents. This recorder is not really high quality like the packaging describes. Sounds more like a whistle/recorder mixed together. Other than that I have really enjoyed the music that came with the bundle. Next time i would try and search for the books in a different bundle or buy them each separately. If you have questions about the full songs list please ask me. =)

My kid loves it. She is very interested in music now. It is very easy to follow even if you have no musical experience.

So simple for kids to learn some fun disney songs
