Great book.

Pretty nice book, could have used a little more material per president, but nice for children to read through for a fast flavor of each.

Great for my kids ages 7 and 9! I love the color picture display of each president. There is a quick caption about electing our president in the beginning of the book followed by each president and information about their presidency. Good book to have!

Received on time, great reference book.....very interesting.

My 8 year old can't put this down! He loves it!

Grandson enjoys this book.

I love studying the Presidents. I bought these for my grandchildren, so they can learn more about our country and the Presidents that run our country.
