Teen Titans, Vol. 1: It's Our Right To Fight (The New 52)

Synopsis

A New York Times Best Seller! As a part of the acclaimed DC Comics - The New 52 event of September 2011, writer Scott Lobdell (X-Men, The Age of Apocalypse) and artist Brett Booth (JUSTICE LEAGUE OF AMERICA) deliver a fresh new take on DC Comics' teen heroes, the Teen Titans. Tim Drake, Batman's former sidekick, is back in action when an international organization called Project N.O.W.H.E.R.E. seeks to capture, kill or co-opt super-powered teenagers. As Red Robin, he's going to have to team up with the mysterious and belligerent powerhouse thief known as Wonder Girl, the hyperactive speedster calling himself Kid Flash and few more all-new teen super-heroes to stand any chance at all against N.O.W.H.E.R.E. But as Superboy meets them for the first time, the Titans have to wonder, is he a friend - or foe?

Book Information

Paperback: 168 pages

Customer Reviews

Scott Lobdell is a veteran of the comic book industry, having worked with nearly every major American comic book publisher. Lobdell is best known for his work on Marvel's X-Men franchise in the 1990's, penning such works as Uncanny X-Men, Excalibur, The Age of Apocalypse, Generation X, amongst others. He is currently the writer of SUPERBOY, TEEN TITANS, and RED HOOD AND THE OUTLAWS, each a part of DC Comics - The New 52.

I hadn't read any teen titans before and was unfamiliar with the characters. With that being said, I enjoyed the introduction to the characters and enjoyed the explanations that went along with the characters. It would have been nice to learn a little bit more of some of the characters, but I guess

that could be another day. I thought it was an enjoyable read and thought the plot kept my interest to see where it was going. Having no expectations going in, I enjoyed it. I thought the art was good, but not great. Some of the art I enjoyed a lot, but some of it seemed a little too basic and lacking. My rating:Overall 3.0Art 2.5Story 3.5Characters 2.5

Interesting story with an interesting team. It's not the team I had expected and I have never heard of a couple of them, and I like that.

OK read. Not a big fan of the constant restarts and history rewrites that plague comics these days.

Teen titans is off to a solid start. this brings together the new team. I love wonder girl and red robin. they make a great team up in the first few issues. superboy is an interesting character and i have a feeling this series will get better as it goes

This is a good book. It introduces the characters as it goes so it's very action packed from the get go. It seems a little jumpy here and there but overall it's a good title. The Geoff Johns series is by far my favorite but this isn't a bad version either.

This book had a fun introduction of some new characters and good art design. Good team building start to the story.

Excellent new take on the most powerful group of super teens!!'m a big Red Robin fan so this book was excellent. Not to mention all the other awesome characters like Wondergirl and Kid Flash.You won't be disappointed!

My order came fast and the book was a great read. I like the new spin on the Teen Titans in the New 52 universe.
