Rise Of The Fallen: Wars Of The Realm, Book 2

Synopsis

A six thousand year war rages and now the demonic Fallen are coming for himâ ”the one man shrouded in mystery. Only Validus stands in their way. Validus is the last and least of Godâ™s angels, but heâ™s seen much across the millennia since his creation. Empires have risen and fallen as angelic and demonic forces battle in a raging war that will determine humanity’s fate â “ and the fate of his defeated brothers. Eventually called to be an earth-bound warrior, Validus rises to a position of power and respect, commanding legions of angels through impossible battles and overwhelming odds. But when orders arrive from the Creator’s most elite Messenger, he finds himself suddenly demoted to a task of apparent insignificance considering the fierce war they are waging against the demonic Fallen â “ the covert protection of one unbelieving man. Validus soon finds himself on a mission that will push him beyond his abilities as he battles to protect Drew Carter, for the Fallen are coming for him. Legions of them. As Validus races against time to discover why Drew is so important to humanity’s survival, can he stand between Drew and all who would destroy him? From the Trade Paperback edition.

Customer Reviews

Book 2 of "the Wars of the Realm: The rise of the fallen" chapters 1&2, describes a picture of heaven before the fall, as interpreted by the author, based on the biblical description provided in the passages from the bible. I was pondering the fact that I would give everything to have even 30 seconds in heaven -and have given everything, after a fashion, when I surrendered my life to my beloved Savior. I then wondered what the most precious treasure it would be, to be permitted to bring even the tiniest, most insignificant souvenir back with me. I then realized that I already had unrestricted access to a piece of heaven, and what a piece it is! Many take for granted the value and power of a single word spoken by God. And to think, we have free access to the words of God in the Bible that someone had the sense to listen and write down for us so many years ago, and took measures to protect the purity of the message there in. I felt a thorough "duh!" moment when I came to this realization. "Why didn't I see this before?!" I hope this thought strengthens and encourages you in your faith at it has for me. If you are not yet a Believer in Christ as your Lord and most Loving Savior, I pray this will cause you consider beliefs carefully. Don't put off this decision. No one is guaranteed the time. Many people die in accidents without warning every 3 seconds. Please consider reading the Bible, all the answers are there if you take the time to look.

An extremely enjoyable read which affected me quite dramatically. Most of this book is seen through the eyes of Validus, the last created Angel and gives greater insight into book one, The Cloak of Light. You'll see glimpses into this Angels past where you're taken beyond the ordinary as you travel inter-dimensionally, in a timeline of experiences before Creation to current time. Book one and two are perfectly pulled together toward the end, where after your discovery, you'll want to purchase the last book! While being fun and exceptional reading, I also found this book inspiring, challenging and impacting. There are characters and situations described here which stirred a craving in me to abandon mediocrity, and carelessness. To live life to the full and completely surrendered. I found myself hungry to know God more, on my knees in prayer and very glad to be so. And I will be buying Book Three!

Many works - specifically trilogies - tend to have a strong beginning and a good end, but falter during the middle. Having thoroughly enjoyed the first book in the series, I was desperately hoping that the second book would be just as good. Fortunately, it does not fall short, and was also immensely enjoyable to read. I would highly recommend it, though of course only after reading "Cloak of the Light" first.

I'm 75 yrs old and never read fiction. I was told about the series by another adult and so I bought all three books in the Wars of the Realm series. WHAT FUN!!! The author has a great imagination, or is it revelation. I finished the three book series in less than a week. A few days later I read all three books again. Chuck Black's descriptions of the angelic (spiritual) realm, while tying it to the plot's human characters on earth in today's world, tugs at the reader's own imagination challenging us to much reflection. I highly recommend the reader to get all three books and to read them in order. Good reading! Have fun!

The second in Chuck Black's War of the Realms trilogy, Rise of the Fallen, was nothing short of page turning, encompassing, and amazing. Book one, Cloak of Light, set the stage and was good in its own way, but where it left questions and sadness (plot wise) Rise of the Fallen brought fulfillment and excitement. Black painted beautiful scenes of Heaven pre-Earth creation and the lives of angels, thrilling images and emotional pictures of how it might have been to have lived in Heaven during the fall. And the feelings that Black built into the angels at the betrayal of one of their own joining the Fallen was palpable. This spiritual world is built on scripture and a lot of supposition but Black was able to bring to is a feeling of realness and vividness that made it come to live. After receiving a free reviewer's copy of this from Monmouth publishing, there are two things that must be said: this is a book for all ages and is the best yet of the War of the Realms series. Go ahead, pick it up and become engrossed in the two realms.

Well, the second book of Wars of the Realm is long winded, just like its predecessor! Thankfully, in this case, it's not because Chuck Black is busy telling us of Drew's tragedies, but because he takes us back to the beginning of time, to retell the first book, Cloak of the Light, from the view of the "Invaders"...

I liked how it switched from Drew Carter to Validus I liked how Drew shows up in book later on but it's cool how Validus becomes the main character in the book it goes into spiritual warfare and Drew is right there with it it was good and I thank Chuck Black for this amazing series

Have you ever considered the Spiritual battle that rages around you? Then this book is for you. Although this is a fiction book it will spur your prayer life to the next level as you consider what it means in the battle at hand.
