Customer Reviews

Superb book. The legends are well written, of course, and the translation is brilliant. Njal's Saga is a story of revenge, of friendship, and is set in times far from our own. Yet, the lessons drawn from the saga serve us well. This is a book to be read carefully, as the number of characters can be bewildering, and the storyline complex. Njal appears in the middle of the book, and disappears two thirds of the way in. Yet, his influence is felt through the book, and an impatient reader would do well to put a cap on his need for speed. This is something to be read slowly, and savoured. It is not a

book to be cantered through

Some interesting lesser-known sagas in this collection. The translations have been well chosen and bring these classic myths to life.

Nice collection of Norse myths and sagas. Recommended to fans of Scandinavian stories.

Interesting stories. I would prefer to have names written in the original language, not translated. You don't find Rangriver or Markfleet on Google Earth.

Interesting stuff. I have always enjoyed the Norse legends and this sheds a lot of light on them.

Good product!

Pretty interesting

This is a collection of Norse myths. These are interesting, readable classic Scandinavian texts. Also included in the book are some fantastic old images. A good value book bundle.
