Customer Reviews

I found this book fascinating. I literally couldn't put it down. There are stories / articles on various things. I read stories about Rock Stars, and about trends like Black Friday and Cell Phones. I read about a throwaway mentality that we all have (especially me, I don't recycle anything), and how it extends to our relationships with each other as people. I also saw a quote list that was food for thought and a touching tribute to mothers that reminded me a lot of my mother. I wasn't crazy about

the book's title and probably wouldn't have looked at it except it was by an author I am familiar with, so I looked at it. Don't let the title fool you, this book is worth getting.

This book has a number of interesting stories and subjects. I especially liked the one about cell phone addiction and a throwaway mentality. It was a fun and easy read.
