Troublemaker: A Barnaby And Hooker Graphic Novel (Troublemaker Troublemaker)

Synopsis

Barney and Hooker are together again and fighting crime, leaving a trail of chaos, panic, and disorder in their wake. Some would say they're drawn toward trouble like a moth to a flame. Others would claim their friends, Rosa and Felicia, dump trouble in Barney's and Hooker's laps. Either way, they are in over their heads when Rosa is kidnapped, and her disappearance is linked to a dangerous voodoo priest and his search for a mystery-drenched stolen statue. Written by Janet and Alex Evanovich, and illustrated by JoAnn Jones (Dr. Horrible, Token), *Troublemaker* brings ultimate adventure set in sun-filled Miami! Janet Evanovich, the New York Times number-one best-selling author, brings her hit Barnaby series to Dark Horse Comics! The entire *Troublemaker* story collected into one affordable volume! "With art reminiscent of the Florida sun and writing supercharged with action, the *Troublemaker* graphic novel from best-selling author Evanovich and her daughter is a winner!" —RT Book Reviews

This is book three of the series. It is a Graphic Novel. For those of you that don't know what that means, it is a big comic book. So don't buy it and yell that you didn't know it because it says right after the title. Now, I was not familiar with these particular characters, but I have read quite a bit by Janet Evanovich. I love her mix of mystery, humor, and romance. They are so good that I even managed to get my mom to read them and there aren't that many books we both enjoy so

much. This story had everything that I have come to expect from the author. Great characters in a fast paced and fun mystery where things tend to go wrong so often and still work out in the end. I applaud Janet Evanovich and her willingness to try a new form of media. Personally, I thought they did a better job of adapting it to a graphic novel than they did with the movie. Still, I am happy to get a new story by her in any format. I will definitely be checking out the two former prose books. I am sure that I will enjoy them just as much as I did this one.

Just a comic book with none of what makes a great read. Characters are flat with none of the interesting details that make a fun read. Not worth the \$9.99 price tag. Gave up comic books in my early teens. Give me a good novel anytime. Have enjoyed Me Evanovich's novels, but will never buy another graphic novel again.

Didn't realize this was a comic book! If you're an Evanovich fan, you will enjoy

Have been looking for this for a while and decided to just buy it, our library does catalog graphic novels so it was nice to get my own

Hate the format. Thought I was buying a book to read!!! Wasted my money!!!! Didn't even try to read it!

Did not like the cartoon.

A great and fast paced story. Funny and packed full of excitement! A good mystery for all ages. One that will leave you wanting more mysteries with, Barney, Beans and Booker fast on the case!

I love this series and so disappointed I didn't read it correctly to see it's a comic book.. wish it was in both formats because I just can't stay interested in the comic and now I lose a book in the series in essence..
