## Customer Reviews

Originally published in 1910, this early outdoor cookery book gives recipes for outdoor delicacies such as Lungwort bread and dried beans. Written by Horace Kephart, who was a renowned outdoorsman of the time, this delightful and fully-illustrated cookbook contains, in addition to recipes, a wealth of advice and comment on camping and life in general. --This text refers to an alternate Paperback edition.

A good read for the outdoor minded folks with down to earth recipes that go back a very long time. Good way to pass the time when you are stuck in a tent and it's pouring down rain!

If you are interested in learning some basic, low tech, camp cooking techniques,...this book is a good reference. It's interesting to see how resourceful people were in the past...where they used basic common sense and ingenuity to construct camping equipment. If you are a prepper...this is a good book to take a look at.

as much as cooking info (mounds of info) i am enjoying the differences in vocabulary from 1910 .

Kephart enjoyed word use and does well . you cant go wrong for the cost . 2 spoons UP !
