I first read the adult version of this book in my Women's Bible Study group this past year. It has changed my life for the better in so many ways. The women in our group were so moved by this study that we all chipped in and purchased 12 more books and gave them to all of the Pastors at our church. They were amazed and profoundly impacted by this study as well. This would be a fabulous study to do together as a family:)

I have done the adult version of Experiencing three times in my life. This time I am going through this version with my two children (ages 12 and 15). It is a wonderful way to get your teens to know how to relate to God, how to recognize and hear His voice, and how to join Him in His work instead of co-opting Him to join them in theirs.

Our entire church is doing this study and I ordered the books for my teens! After looking at this version many of the adults in our group were clamoring to use the kids books rather than the adults! The study itself can be life changing.....

This is a life changing book that I have enjoyed working through. Even though this is the youth addition, it has changed my life. I highly recommend this book!

I bought these for my teens and they LOVED it! One of my teens said that it was the first study where she actually understood and GOT the concepts. It made sense to them! Totally recommend it for teens! BTW, my kids did this as an independent study on their own and it was great.

My teen son wants his daily time with the Lord. He just needed help focusing on topics and passages with a common theme. Blackaby's book provides this.

We just love this series! Highly recommended!

Oh my goodness !! This will change your life
