Fuck Yeah Menswear: Bespoke Knowledge For The Crispy Gentleman

Synopsis

The men's fashion magnum opus for the ages, *Fuck Yeah Menswear* is a hilarious new tome for the sartorially obsessed (San Francisco Chronicle). In your hands is an iron blowgun full of deadly knowledge darts ready to be delivered straight to your cranium. You're about to begin a journey that will end in only one way with you standing naked in an abandoned ravine watching as your old wardrobe slowly burns. Let this be your illustrated Iliad for dressing better. Don't sleep. Read *Fuck Yeah Menswear*. Refer to it. Cite it in your dissertation. Owning this book sends a very clear message to your peers, coworkers, and loved ones: *Fuck Yeah Menswear* is as fuck.

Customer Reviews

"Riotously funny, a love letter, a sendup and an Ouroboros all in one." (The New York Times) "It's the easiest, and probably most entertaining, way to learn how to reach ideal levels of crispiness." (GQ) "From tumblr hype to printed glory, the sharp, satirical tone of *Fuck Yeah Menswear* successfully captures the voice of a generation. Not since *Do's And Don'ts* first published have we been this excited about a fashion book." (Complex) "The latest in the line of blog-to-book sensations, *Fuck Yeah Menswear* is a hilarious new tome for the sartorially obsessed." (San Francisco Chronicle)

As other reviews have mentioned and hinted at, you shouldn't pick this up if you expect actual menswear "knowledge". Most of this book involves menswear photography paired with something

resembling poetry coming from a guy a little too obsessed with hypebeast slang. I could forgive this if the book was funny or interesting, but even as light coffee table material, it falls pretty flat. Overall, would not recommend. Anyone who finds this kind of thing amusing has probably gotten their fill of it on the blogs this book cribs from.

This book represents a great sense of style, not only does the book have unbelievable images of current men's clothing trends but it is also written extremely creatively. It is written in a sense where it gets the buyers attention while hooking them on the written descriptions so they do not just look at the pictures. It's not just a guide to current men's fashion but it is also a lifestyle guide. If you follow the guidelines given, it transforms one's basic life into the lifestyle of a crispy clean gentleman. This book expresses much knowledge for the ones looking for a lifestyle change. I would highly recommend this book to those looking for change and who are not scared to step out of their comfort zone.[...]

Nice book to read when you are "doing your business, in the restroom."The book doesn't go into too much detail about certain items or looks of the clothes the people are wearing.Its a good read, a nice book to have laying around for friends and family to read while lounging around.

Good book to read with an interesting way of educating me on dressing well.

Hilarious treatment of today's fashion industry. A novel approach, both funny and informative. Worth a read if you want to update your style and get a good laugh.

For me it was absolutely no value. Tossed it the same day it arrived.

GREAT PRICE AND A LOT CHEAPER THEN STORE...

Good information. For the young at heart.
