# Sexual Energy Transmutation: The Secret Path To Health, Wealth And Genius

## Synopsis

An intense desire for physical sexual contact, just like any other intense and passionate desire, is potent creative energy seeking expression or outlet. That self-same creative potency projecting as tumultuous sex drive or sexual energy can become Intellectual energy, Money energy, Political energy, Professional energy, Sports energy, Spiritual energy, or whatever type of energy you need at any point in time. Indeed, the creative powers of sex transcend procreation. Unfortunately, many men being unaware unknowingly dissipate, and thus fail to avail themselves of the innate superlative powers of their abundant sex drive; and this is one primary cause of mediocrity. Sex, the carnal root of Man's generation, can be the source of his degeneration, yet holds the key to his regeneration. When properly harnessed, the primordial powers of sex and its creative essences that initiate all earthly existence can be used to achieve anything you want. This book tells you exactly how. "In the source of every vital Power lie the sources of endless Wealth" ...Napoleon Hill

## Customer Reviews

"Sex energy transmutation, arcane spiritual wisdom of the East, is not new. Napoleon Hill devoted chapter 10 of Think And Grow Rich to it. But its how and why has been elusive. This author has pieced the missing links together to present the topic in a simple easy format anyone can use, enjoy and benefit from." ...Ritchie Felix, Abuja. "Educative, Thought provoking, and with a large dose of inspirational stuff. The specially selected boxed quotations, the author's persuasive discourse and his crisp and clear writing style make this book an extremely enjoyable read. I sincerely recommend it." .... Dr. Chidi Lala.... "The truth is, I am about to be 41 and I have practiced the opposite of what this book preaches up to this point in my life, regretfully so, to my own detriment. I literally cry for the

decades I've wasted. I wish I knew this stuff 20 or 30 years ago.... I know it to be true." May 27, 2014 By Antonio Roma (Verified Purchase)"Excellent. Direct message (minimize sex/masturbation/ejaculations) with minimal spirituality (fluff). Dire (negative) consequences of ejaculation are outlined. Semen retention benefits are stated clearly - no ambiguity. Message is clear: no sex (semen retention) means more productive life (better energy, IQ, brain, mental clarity, job competitiveness, especially in our age) while sex means average, insipid, vapid life, bordering on ruin. I would appreciate author continue in this genre - concise, clear and low price". By Student

Sex is a mighty urge to action; but its forces need control and direction. Fortunate indeed is the man or woman with a high sex drive, who has also learned the art of sexual energy transmutation. Sexual energy transmutation is the conscious re-channelling of the creative potency of sex, away from purely physical outlets, and into other spheres of endeavour such as arts, ã ã music, intellectual, the professions, politics, spirituality, business, sports, etc. The mere possession of a high sex drive is not enough for success and genius; it must be effectively controlled and transmuted into other energy forms. This book tells you exactly how! Sexual Energy Transmutation - the secret path to Health, Wealth and Genius - presents this and other arcane sexual wisdom in an easy to read modern format, anyone can enjoy and apply. Enjoy it!

I know what the author says to be true. I needed a reminder. To any man or woman seeking their Higher Power, read this. Also read "The Master Key System" by Charles Haanel? Of course, don't forget Genesis, "The Tree of Knowledge." May the force be with you. Of course, our enemies don't want us to know this. But don't believe me. The truth is, I am about to be 41 and I have practiced the opposite of what this book preaches up to this point in my life, regretfully so, to my own detriment. I literally cry for the decades I've wasted. I wish I knew this stuff 20 or 30 years ago.... I know it to be true.

I was looking for specific techniques, rather than simply an outline of the most obvious form of ejaculation retention and mostly a philosophical talk. For this reason, since I've read similar books, this work did not teach me anything new. Having said that, I gave 3\* because it is uplifting, and it does contain some useful and beautiful concepts that could aid who doesn't know them yet.

wealth of necessary information about sexual transformation.solid foundation. head start to practically transforming our sexual energy.I find repetition in books, to help us understand the concept deeper.by the way Jay Onwukwe is really approachable man, he help me through emails is very valuable.he is very inspired to help people. for that quality I give 10 stars.

Easy to read and understand. I recommend this book to anyone who's interested in becoming the greatest version of themselves. This book outlines how you can use your sexual energy to achieve greatness. Enjoy!

Napoleon Hill had a great chapter on this subject in Think and Grow Rich. If you are looking for more information to expand your knowledge on the power of Sexual Transmutation this is a great read. It is inspiring and does well to expand upon what Napoleon Hill taught.
