Customer Reviews

I had first read "Fox on Wheels" in an old basal series years ago (1980s) and the students (1st-3rd) who were reading on that level enjoyed it. When I saw that there were more- I bought several sets for reading group use. It may be an "oldy" but it is well written (not slapstick or ridiculous or gross) and the students can relate to the animal characters who have the same universal problems and funny times that kids experience. That will never go out of style!

Great book for a 1st-2nd grader!

This book series has been great for my son's early reading. He fell in love with the antics of Fox and his friends. The stories have good morals, but be sure to read the reviews. There is at least one book that shows Fox smoking (though he gets sick) which might not be what you want. Fox at

School is one of the good ones of this series.

My family loves this series. It is a little racy at times, but my daughter enjoys fox making mistakes and learning from them.

The Fox series is so much fun. The characters are great. I typically read it out loud first then my 7 year old niece reads it back. The pictures are colorful and the font clear and large.

Students really enjoyed the book.

As advertised

Bought the whole set when one of my 2nd graders fell in love with them. We were so sad to look up the author to find he had died years ago. We wanted to write and thank him for these books!
