This book is so cute!!! My son loves it!

This is my son's favorite book.

Exactly what I was looking for and I am a history major. I was searching for a version that my child can understand without delving too deep into the politics of the era. When he is older we will be discussing the nuances of that period in American history in much greater detail but for now this little

book is great.

I've got kids between 2 and 7. For every holiday, I make an effort to teach my kids the real story so they have a deeper understanding of why we do what we do. This book is perfect for kids in the Kindergarten-to-3rd grade age range.

Exactly what I wanted for homeschool! I was looking for a book to explain to my 5 yr old why we celebrate Thanksgiving and the importance of it. This one fit the bill, and will be used next year as well!

Excellent book - I used it with children's church to explain about the first Thanksgiving. It might work best for 7-8 year olds. I liked the pictures and the quality of the book.

I purchased this for my granddaughter to help her learn the history of Thanksgiving. She loved the book and read it to her little sister.

Product is as described. Arrived on Time. I love these Step in to Reading books. It is easy to identify which books my child will be able to read based on the step number.
