Letters To My Mom: Write Now. Read Later. Treasure Forever.

Synopsis

Mom will truly treasure this keepsake forever. The twelve fold-and-mail-style envelopes (ten prompted, two blank) invite sons and daughters to capture memories and express gratitude for Mom, seal up the envelopes with the included stickers, and postdate the letters. When Mom breaks the seals in the future, she'll receive an invaluable gift: a tangible reflection of her child's love.

I was really impressed with the presentation of the book. I showed it off to all my coworkers who were equally impressed. Only bad part? Deciding what to write in it. It's so nice, I feel compelled to write out a rough draft before I actually write in the book. Mother's day is coming!

So much fun and such a thoughtful idea. I've had mine for a while now and I'm still writing in it. I want it to be special for my mom. I bought the Letters to My Love as well and was so excited about it I wrote it all out in one day! Only drawback is that the person who receives the gift has to keep it in sight to remember to read what you wrote on certain dates.

Such an awesome concept! Love these books. Cannot wait to present them to recipient once I complete the pages. The letter topics are great also.

Cool gift for a mom - some of the topics were very similar & the stickers didn't stay put

This was good except that the cover was a little dirty on the front and back when it arrived.

Love this item. Went on to buy for other relationships.

Perfect! I love it! Just what I wanted! Arrived on time & exactly as described.
