Vocabulary From Latin And Greek Level IX

Synopsis

This book, the 9th grade level of Vocabulary from Latin and Greek Roots, was formerly known as Vocabulary from Latin and Greek Roots - Level III. Help 9th-grade students develop the skills they need to decode thousands of English words with Vocabulary from Latin and Greek Roots Book III. Students who are capable of determining the meanings of words they've never seen before have a distinct advantage on challenging reading assignments, whether in the classroom or on standardized tests. Vocabulary from Latin and Greek Roots helps you give your students this advantage. It shows students how thousands of words share common elements: roots, prefixes, and suffixes derived from Latin and Greek. If students understand what these common elements mean, they'll be better equipped to understand unfamiliar words at first sight. Exercises for each lesson require students to use each new word several times in different contexts, answer multiple-choice questions after reading short passages, use their knowledge of roots, prefixes, and suffixes to define new words from context, and much more. Why should you use Vocabulary from Latin and Greek Roots? -- It saves you dozens of hours spent creating vocabulary lessons on your own. -- You'll teach students the elements of thousands of words. -- You'll give students practice determining the meanings of words from their contexts. -- Your students will remember these words long after class is over. Note from the publisher: We offer a Teacher's Edition of this book, but we don't sell it to students. Call us at 800-932-4593 to order.

Customer Reviews

This is a great resource for helping students with vocabulary understanding. Very resourceful for 9th graders and higher. Will be helpful for preparing for the SAT & ACT. I recommend it for anyone in the

field of education and with English classes.

I previously bought another book that look exactly like this one but it was the wrong book my daughter needed for school. was amazing by refunding me my money so this time I purchased the correct book, we are very happy and satusfied with our purchase and the way handle our situation.....we are loyal buyers for life.

It came without any harm brand new

thank you

This is a great book to help students learn and use Latin and Greek roots.

This is a good, basic workbook for middle school level students. The amount of words included weren't that many but the exercises were good.

I teach gifted 6th graders in a suburban Chicago middle school, and this program fit my needs well. The kids were able to learn, use, and understand the words. I like teaching vocabulary through Greek and Latin roots and this is the best workbook that I have come across. I would also recommend this for a parent who is looking to supplement their child's education at home.

BOUGHT THIS BOOK FOR MY DAUGHTER & SHE LOVED IT - VERY HELPFUL & GREAT CONDITION... :)GREAT TO DO BUISNESS WITH TOO
