MapArt is Canada's most trusted Map Publisher.

This is a newly-released pocket-sized atlas of Toronto. Note that it only covers the city proper of Toronto - from Scarborough in the east to Etobicoke in the west. It doesn't cover the outlying cities like Mississauga. If you need coverage of the surrounding cities, you'll need a Toronto 'Area' street atlas, which will be bigger & heavier. This is basically a full-sized Toronto folding paper map cut up into sections and put into booklet form. It's small and light so it's easy to keep in your pocket and open up on the go without covering your entire face with a huge map. It's colorful and easy to use and has closeup sections of downtown Toronto. Its small size means that each page covers a relatively small area of the city...you need to do a lot of page flipping if you're using this to navigate by car. For that purpose, a full-sized spiral-bound street atlas is a better choice.
