Customer Reviews

At first I liked it, but after while it became too cumbersome and annoying. Moves that I made just did not work out. This game feels like it sets you up to fail.

Bought it by mistake thinking it was an app. When I need some hints, I just go to Candy Crush website. That's FREE and very helpful. Don't waste your money!

Not much help,

can not install at all . Instruction was not friendly use at all .

laughing myself crazy !! WATCH OUT CANDY CRUSH !! is THE BEST !! I will keep order's showing up !! THANK-YOU..

I have several friends who have been playing Candy Crush Saga for a while now and have told me how much fun and addicting it can be. Until I came across this guide I felt a little intimidated to play with them. This guide covers everything you need to know to play the game from the basics to tips for strategic playing. I am now ready to compete.

I didn't learn anything I already figured out on my own during the first 50 levels. Waste of money for me.

Had to read several times-very short book. Somewhat helpful. I am only on level 23, but have been stuck for several wks. Will see if it was worth 2.99. Game has been fun so far! Several months later-basically, book describes function of different unusual pieces of candies or aides in successfully completing game.
