Konami Kanata was born on July 3, 1958, in Nagano, Japan. A veteran manga artist Konami made her professional debut in 1982 with the serialized comic Petit Cat Jam-Jam for Kodansha's seminal shoujo manga magazine NakaYoshi. The daughter of an elementary school teacher, most of Konami's stories are for readers of all ages making her one of the most accessible artists in recent history. In her nearly thirty year career, Konami has penned more than a dozen comic series, with the majority of them focusing on cats and pets. Konami is well regarded within the pet-manga community for her keen sense of cat ecology. Her ability to observe and render feline behavior has earned her respect from the Japanese manga community as a whole. While most of her properties were published for a younger female demographic, her most recent series Chi's Sweet Home is currently being published by Kodansha's Morning magazine, Japan's leading comic magazine for adult readers. Proving that quality can be found even in the cutest of sources. Chi's Sweet Home will

be Konami's first translated work.

My daughter said: It was good. Chi Sweet Home Part 1 was a little bit better. For people who don't know the story, it is about a cat named Chi and she moves to a new house with the same family. She discovers new smells and she makes new friend. I don't recommend this book to kids younger than around 7 or 8. You could read it at 6, but concepts and plot might be a little too complicated. If you get this book, make sure to read the back and look at the little map near the end. Have fun and enjoy the story.

We are big fans of Chi's Sweet Home in our house. It is manga in the 'slice of life' category. If you've ever had a cat, this is a must have. It is a fun read for kids and adults alike. We liked this series so much, we named our new kitten Chi (they have similar markings). This is feel-good reading that can be enjoyed by everyone.

My 6 year old granddaughter found one of these books in the library and is in love with them, so I got her both 1 and 2 for Christmas. These are large format very well put together books. Excellent translations.

My 8-year-old and I read the Chi books aloud together and adore her. Konami Kanata portrays the thought processes of cats in such a wonderful -- and what feels like accurate -- way. We can't wait for Part 3!

My daughter cried at the end of the book because she did not want it to end. I have three daughters ages 7, 11, 13 and they all adore this series. All ages appropriate.

Love this series and I am an old adult!!! I am sure grandchildren would enjoy Chi's escapades.

Was introduced to little Chi by chance at B&N Bookstore and HAD to get the rest of the books! If you do not have Ms. Kanata's kitten manga in your collection of cat books, you must get them, they are worth every penny!

Cute series for 8-10 year olds
