You know what sex is. You've heard other kids talking about it, and maybe you've heard it talked about on TV. But TV doesn't tell you everything, and you probably still have some questions. That's great because What's the Big Deal? was written to help kids like you, ages 8 to 11, find the answers you need. This book explains the basic facts about sex and related issues such as: * Why God made adults so that they want to have sex * Why God designed sex to be shared only within marriage * What God actually says in the Bible about sex * The amazing changes ahead of you during puberty * How to respond when you feel sexual pressure from friends, TV shows, movies, and magazines Your parents will read this book with you or discuss it with you as you read it on your own. They'll answer any leftover questions you might have and help you understand what a beautiful and exciting gift from God your sexuality is meant to be.

STAN JONES, PHD, provost and professor of psychology at Wheaton College, is a nationally recognized Christian expert on sexuality. He has written books on psychology and Christianity and

on homosexuality and has contributed numerous articles to such professional journals as American Psychologist. BRENNNA JONES has graduate training in biblical and theological studies and leads an active ministry of discipleship and support for women. Stan and Brenna have three adult children.

Outstanding. I am going through it with my 10-13 year old kids. Very useful. Great focus on God and the fact that sex is HIS creation and it is to be a fun, joyful, blessed activity IF done in a way that honors God.

So thankful for this book. I bought this one and the next level as well. It explains things in a way a child can understand without making it awkward for the both the child and parent. My favorite part is that it includes why waiting is so important. And why God cares about it.

My girls are 7-9. I read this with my 7&8 year old and they were weirded out at first.....but when my second grader started telling me what kids at school say about sex, I was glad we got this. Once we started reading together and they saw that I was ok with it they were fine and it opened up the discussion. This is something we will definitely revisit often! Also, the portion about homosexuality is handled well, I was pleasantly surprised on the gentleness and non-judgment it gives.

So glad this book is in the world - and in my world. Such a positive treatment of the beautiful as well as the risky facts about sexual activities.

Great biblical teaching.

BEST BOOK EVER FOR "THE TALK" - OK FOR YOUR CHILD TO READ ON THEIR OWN AND AWESOME QUESTIONS TO GO OVER WITH THEM IN THE BACK WHEN THEY ARE DONE! PERFECT FOR CHRISTIAN FAMILIES! GET IT AND YOU WILL BE DONE IN LESS THAN AN HOUR!

I think the age range is a little young for this book. I would wait until my kids are 10 before reading level 3 with them. But, great book and much needed!

My 10 year old daughter read this book and we discussed it after each chapter. We had lots of

necessary "growing up" conversations, and I am grateful that the book enabled her to learn these facts of life from a Christian perspective. I often recommend it to friends.
