Customer Reviews

As a world traveler since my first trip abroad in 1963, I have lots of great travel guides in my experience. The Eyewitness Guides have been a constant joy, packed with great background information and elegantly executed with fine illustrations and photographs. As a serious amateur photographer, I find the pictures especially helpful in choosing destinations, locally and further afield. I have given Eyewitness Guides as gifts and a nice variety grace my bookshelves, now as reference books for past trips. I moved to Florida in 2005 and quickly added this edition to my collection. I love to explore and, now that my travel is more limited, this book enables me to ferret out neat destinations in the state better than any other. This recent purchase from .com is intended as a gift to a northern friend who is starting her first season here as a snowbird.

When I plan to travel to a place, I read more than one travel guide and learn everything I can about a place. Frommers and Fodors books are usually my favorite; some are then are not as great as others. This travel book has wonderful color photos throughout and lots of useful information. It isn't the best travel guide on Florida, but it isn't one of the worst either.

This is an excellent guide for those interested in exploring beyond the confines of Central Florida

and the theme parks. From Perdido Key on the edge of the Panhandle to Key West and Dry Tortugas, you get a good overview of what Florida has to offer. With photos on almost every page and concise information, you'll be ready to hit the road and give yourself a complete Florida vacation. The book does have a section on the WDW and the other theme parks, and if that's your main interest, it would be better to get one of the many dedicated guides that cover the manufactured fun.

i love the ocean especially the warm clear locations like the gulf.this book makes me want to oil paint things they discuss in it and also research the subjects further.as always, a great cheap price, great like new condition, and delivered fast

The best guide

I've been using DK Eyewitness' Guides for years and keep on buying them since they're user-friendly, well illustrated and handy.

Great guide. The best in its type. I will just use it next January, but I'm sure it will be very useful

I received the book faster than stated! Yeah! The book was in great condition and better than I expected. Thank-you very much
