The FOA Outside Plant Fiber Optics Construction Guide

Synopsis

This textbook is a guide to outside plant fiber optic construction, basically the process of installing the fiber optic cable plant including the work necessary before the fiber optic techs begin splicing, terminating and testing the cable plant. This book was written by Joe Botha of Triple Play Fibre Optic Solutions in South Africa as a textbook for classes he teaches on construction. Joe, an FOA Master Instructor, created the course to fill a need for training OSP construction crews. The book covers topics which are rare in textbooks, practical solutions to designing and installing the fiberoptic cable plant. It is an extremely valuable reference book for all owners, designers, supervisors and installers of fiber optic OSP networks.

Book Information

File Size: 3835 KB

Print Length: 64 pages

Publication Date: February 22, 2016

Sold by: Amazon Digital Services LLC

Language: English

ASIN: B01C3LYVYE

Text-to-Speech: Enabled

X-Ray: Not Enabled

Word Wise: Not Enabled

Lending: Not Enabled

Screen Reader: Supported

Enhanced Typesetting: Enabled

Best Sellers Rank: #486,256 Paid in Kindle Store (See Top 100 Paid in Kindle Store) #7

in Kindle Store > Kindle eBooks > Engineering & Transportation > Engineering > Electrical & Electronics > Optics > Fiber Optics #23 in Books > Engineering & Transportation > Engineering > Electrical & Electronics > Fiber Optics #358 in Kindle Store > Kindle eBooks > Engineering & Transportation > Engineering > Telecommunications

Customer Reviews

meet my expectations, thanks

A good reference work!

Rigth tool as recommendations to follow a contruction FO project

As expected
