Get a glimpse of heaven On the way home from a conference, Don Piper's car was crushed by a semi that crossed into his lane. Medical personnel said he died instantly. While his body lay lifeless inside the ruins of his car, Piper experienced the glories of heaven, awed by its beauty and music. Ninety minutes after the wreck, while a minister prayed for him, Piper miraculously returned to life on earth with only the memory of inexpressible heavenly bliss. His faith in God was severely tested as he faced an uncertain and grueling recovery. I found this book in one of my patient's rooms. (I am an RN) I started to read it to her every chance I got to comfort her. (she was dying of cancer) This book has helped so many who has suffered a loss from a loved one. I buy it and tell them to read it, then pass it on to someone who is suffering a loss of a loved one. It's an excellent read of a preacher who suffered a harrowing car accident and give his account of the events as he died... you will have to read the rest. I am not an avid reader, but this book captured my attention. I have purchased it more than once.

I can only give it a 5-star because there's nothing wrong with the book. I just didn't read the listing carefully and didn't notice it was a Leader's Guide. I had the actual book at least 4 times before, but it's such a good book, I keep giving them away, then buying a new one to always have one on hand.

Love this book. The only reason I even got it was because I am an EMT and it had an ambulance on the back but when I started reading it I could not put it down until I was done. It really moved me and I think I got everyone in the family a copy of it that year for Christmas! Very eye opening.

As a Christian this book backs up my belief in eternal life. Some parts are quite graphic but a great read.

My husband and I both enjoyed reading this book. We will keep it to read again someday, hopefully aloud to the children in the future. We believe in Heaven and this book is a great example of Heaven being real to us. Any in flux of believing in Heaven should read this book.

I expected more about his 90 minutes in Heaven, but most of the book was about his recovery from the severe accident.

Not what I wanted but good

reading right now with a client. I take care of elderly people. I am reading it for the 3rd time. Love it!
