The Big History Timeline Wallbook: Unfold The History Of The Universe•from The Big Bang To The Present Day!

Synopsis

IMAGINE TAKING a trip through the history of everything from the beginning of the universe to the present day! Created in association with the American Museum of Natural History, this unique 'big history' wallbook includes a 6-foot fold-out timeline containing more than 1,000 pictures and captions that tell the story of the history of the world. The timeline is divided into 12 sections covering both natural history as well as the history of human civilizations in each of the world's continents so you can easily compare what was happening across the world at any given moment in time. The Big History Timeline Wallbook also includes an easy-to-read chronicle which reports on more than forty seminal moments from the timeline in the style of a newspaper. Other features include a page of letters to the editor, a fifty-question quiz, and pocket magnifier. Perfect for 6-14 year olds but equally fascinating for all curious adults too.

Customer Reviews

â œA unique, accessible and inspiring informational book. The What on Earth? Wallbook Timeline of Big History is an amazing feat of publishing!â • (LoveReading4Kids â “ Book of the Month)"Our brains positively fizzed and buzzed" (Holy Preparatory School)"This is history let out of its box. It simply sings to infophiles and visual learners alike. With parallel timelines for all continents, developments on land, sky and sea, more than a thousand illustrations, it is a superlative mastery of

design and research, a treat to eye and brain alike." (Lucy H. Pearce, JUNO Magazine) The What on Earth? series of wallbooks have become known for delivering the facts "on various subjects" in a fun, informative and visually appealing way. These books deliver on many levels and I couldn't be more impressed. Never mind the children "I'd like the whole series for myself!" (Pocketful of Rye: A Mum's Guide to a Happy Home) "Epic - this is history let out of a box" (Daily Telegraph) "This oversize timeline of the origins of the universe will capture the attention of students." (School Library Journal)

Christopher Lloyd graduated with a double-first class degree in history from Cambridge University. Christopher became Technology Editor with The Sunday Times newspaper in London and is now a best-selling author of more than 15 books on world history including What on Earth Happened? The Complete Story of the Planet, Life and People from the Big Bang to the Present Day (Bloomsbury) and the series of What on Earth? Timelines. He is in great demand as a lecturer and public speaker throughout the world at conferences, educational seminars, museums, festivals and schools. Andy Forshaw graduated with a BA in graphic design and illustration from London's Central St. Martins College. In 2010, Andy and Christopher teamed up to found What on Earth Publishing with a view to establishing new ways of making big history accessible to all ages. Andy has since individually created more than 5,000 illustrations that are featured in the range "of What on Earth? timelines. When not illustrating, Andy can be found exploring the countryside on his bike.
