The Washington Manual® Obstetrics And Gynecology Survival Guide (The Washington Manual® Survival Guide Series)

Synopsis

Written by Washington University house staff and faculty, this pocket-sized survival guide provides all the essential obstetrics and gynecology information that every intern needs from Day 1 on the wards. Content includes algorithms, useful formulas, patient notes, top ten work-ups, common calls and complaints, key points on most common problems, essentials of "what not to miss" and "when to refer/call for help," and "tricks of the trade." The Obstetrics section is subdivided into antepartum, medical complications of pregnancy, intrapartum, postpartum, and ultrasound and genetics. The Gynecology section covers general gynecology, gynecologic infectious diseases, contraception, urogynecology, reproductive endocrinology and infertility, and gynecologic oncology. The Washington Manual® Obstetrics and Gynecology Survival Guide is also available electronically for handheld computers. See PDA listing for details. The Washington Manual® is a registered mark belonging to Washington University in St. Louis to which international legal protection applies. The mark is used in this publication by LWW under license from Washington University.
