## Customer Reviews

I bought this for my niece for Christmas. I was sincerely surprised when I received a thank you note from her! You know we just don't do that any more. And this was not prompted by her parents. Here

is what she said:"Thank you for my cool book! I love it because it has Japanese sumo wrestlers in it! It is cool too! Can you buy me another one?!! Please! Please! I beg you! If you don't I shall die!"LOL I'd say thats a 5 star book! :)

Readable for 6 years old. We use this to travel around the world every night where she can pretend to be at different countries. We are booking our trip to Thailand with our 4 and 6 years old in tow.

7 year old boy liked it.

Wonderful books for kids and adults even though it is Not For Parents!

Awesome! Son loves it! Way cool facts. Recommend for any inquisitive child thirsty for curious tidbits of trivia, statistics & info of different things.

(kid's review) This is a very good book! It contains lots of useful information about a wide variety of unusual topics and is a great read altogether! For instance, it talks about very strange foods and where they are eaten. I really recommend this book.

Excellent book for kids! Well done.

Great reading. My grandkids always read it when they visit.
