Mandala Design Coloring Book: Volume 1 (Jenean Morrison Adult Coloring Books)

Synopsis

By popular request the artist behind the Pattern and Design Coloring Book Series now brings you 50 new mandala designs: Volume One of her new series devoted wholly to mandalas! These beautiful and intricate mandalas are artist Jenean Morrison's interpretation of an art form that can be traced back centuries. Mandalas are used by many as calming, meditative tools. As with her Pattern and Design Coloring Book series, all 50 designs are printed on the FRONTS OF PAGES ONLY. Jenean is certain that you'll find these mandalas as relaxing and fun to color as they were for her to design. Challenging yet soothing at the same time, you'll experience many hours of enjoyment with Volume One of the Mandala Designs Coloring Book!

Customer Reviews

"The designs are really cool and beautiful and when you're done coloring, they feel like your own little pieces of collaborative art." DanaMadelt.com "Artistic kids will love... a set of artist Jenean Morrison's complex yet stunning design coloring books. Even older kids will find their coloring zen at their desks, or in the back seat of the car when all screens are off." [CoolMomPicks.com](#) "If you've ever wondered what it would be like to be a fabric designer, you can try your hand at the coloring part of the process. Jenean gives you the pattern." 100BillionStars.com

Her passion for her work shines through in every design!

This book contains a very good series of designs and made a nice gift to a family friend who has a deep interest in mandalas and she enjoys working on them for relaxation. The paper stock is heavy enough to limit bleed-through and the designs are printed on one side only so they can be removed from the book for framing or display. The pages are not perforated and this would have been a big plus. I think this book would be good for a 16-year old and up. Along with the book I also included this-- Sakura 10-Piece Gelly Roll Assorted Color Medium Point Gel Ink Pen Set-- and they work really well on these designs.

A nice variety of mandalas, some detailed and intricate, some easier. The paper is bright white and color pops on the page. Great with colored pencils, gel pens and markers or fine line pens. Tear out the page you are coloring or put an extra sheet of paper behind the page if using markers or gel as bleed through may occur. Pages are not perforated but are easy to tear out. The book is mostly made up of flower, geometric and pattern mandalas. Geometric are my least favorite personally but if you like them, there are a few included in the book and you will be happy. I colored one geometric mandala with gel pens for a representation of what is in the book. Overall, a nice book with creative mandalas that are fun to color. I am enjoying this book as much as the author's flowers book.

This is a wonderful mandala colouring book. After much hunting for a colouring book of its kind, I settled on this one and am very pleased with my purchase. Great designs varying from very complex to slightly complex; just what I was looking for. If you are looking for a relaxing hobby, a meditative experience, a creative outlet, or a combination of all three, I highly recommend you pick up mandala colouring and give this book a try.

You know now that this is so popular everyone is making them? Most of which you cannot do since you need a magnifying glass to just see it yet alone there is nothing sharp enough to fill in the lines with. Add to that most people are not professional artists and just want something relaxing. This is the book for you, there are a few that could be deemed tuff but most of them are big enough to see, you can do one at one setting not taking days for one page. Most of the book is like what is pictured on the front cover.

I'm a big fan of Jenean's quilting fabrics, so I was thrilled to see she has a line of coloring books!! This one does not disappoint. I like the variety of the complexity of the designs--some are very intricate, some simple. I have used both Bic Mark-it Ultra-fine markers (see my photos) and colored pencils. The markers do have some bleed-through, so be sure to put some scrap paper behind the page. I am very pleased with this book, and have order more of Jenean's books!

By far my favorite coloring book! Love each & every page!

LOVE this coloring book! The designs are beautiful and there is a good mix of simple to more intricate mandalas to color. It is my favorite mandala coloring book that I have!

Consistent line weights throughout. Designs on right page only. Very impressed with this and will look for more from this author.
