Customer Reviews

Mussorgsky's music is well known, well used in many ways. This arrangement of his most famous piece, a collection of piano sketches based on an art exhibition of a recently deceased friend, honors the source, but colors the music with strong textures, often brilliantly applied. The true majesty of some of the melodies comes through due to Ravel's musical imagination. Boosey & Hawkes present well-printed and easy to read scores (unlike some from the Dover Press). If you want to learn orchestration, getting this edition and studying Ravel's choices is good start.

Notation is just perfect, don't hesitate to buy. The only downside is, i personally prefer spiral bound paper work but this one works just fine.

Congratulations to Boosey and Hawkes for here republishing a staple of the orchestral repertoire (Maurice Ravel did an outstanding job of arranging Musŕrgskiy's piano original, though I wish he had included the "Promenade" immediately prior to "The Market-Place at Limoges"), with beautiful layout and a scholarly quality in terms of editing out mistakes in the previous edition. I'm also

pleased that they mention where Ravel (as well as the R&H edition) differs from Mussorgsky's original version. Definitely a MUST for any score library and for any real music-lover!!! Most warmly recommended, greater than 100%!!!

Moussorgsky's most famous work, "Pictures at an Exhibition" (orch. by Maurice Ravel) is available in this very nice edition from the Boosey & Hawkes Masterworks Library. This work has been one of the most performed orchestral works by American symphony orchestras over the past few years and is a major piece in the repertoire. This is considered to be the definitive edition of this great piece and comes highly recommended. **Mussorgsky: Pictures at an Exhibition**

Good score
