The Carpenter: A Story About The Greatest Success Strategies Of All

Synopsis

Best-selling author Jon Gordon returns with his most inspiring book yet, filled with powerful lessons and the greatest success strategies of all. Michael wakes up in the hospital with a bandage on his head and fear in his heart. The stress of building a growing business, with his wife Sarah, caused him to collapse while on a morning jog. When Michael finds out the man who saved his life is a Carpenter he visits him and quickly learns that he is more than just a Carpenter; he is also a builder of lives, careers, people, and teams. As the Carpenter shares his wisdom, Michael attempts to save his business in the face of adversity, rejection, fear, and failure. Along the way he learns that there's no such thing as an overnight success but there are timeless principles to help you stand out, excel, and make an impact on people and the world. Drawing upon his work with countless leaders, sales people, professional and college sports teams, non-profit organizations and schools, Jon Gordon shares an entertaining and enlightening story that will inspire you to build a better life, career, and team with the greatest success strategies of all. If you are ready to create your masterpiece, listen to The Carpenter and begin the building process today.

Customer Reviews

Very inspiring book. My wife had this book recommended to her and after reading it recommended it to me. As I was reading it, I kept thinking that it reminded me of another book I had read called "the Energy Bus." (in a good) Sure enough, it was the same author. This is a great book and an easy read in that it is a great narrative that literally begs you to keep turning pages (digital they may

be....Kindle Version.) I love it when I feel good after reading a book, and this book made me feel motivated and driven to not only have success, but do it for the right reasons and in the right way. I can truly say you will not be disappointed with this book. I recommend it for both people in business as well as anyone reading it for personal reasons. Read when you need a lift, and you will become a "builder" or something even better.

I ended up taking a few pages of personal notes from this book. Great reminder for all of us that life is about serving out of love and keeping our lives full of the good. Speak positively to your self instead of listening to self imposed negative thoughts.

The Carpenter's message is timeless, poignant and enduring. It's simple, love-serve-care lesson, is as basic as it gets, but when you come right down to it, that's really all there is to a 'flourishing life'. This book is for anyone at any stage of their life or career and I highly recommend it. Some might say it's too simple or 'Pollyannaish', but, my response to them is, 'you are very likely too smart for your own good, so believe that at your own peril'. Again, excellent, quick read for all.

Honestly, this book was one of a few that my workplace asked employees to read; ordinarily I would not have chosen a book like this. However, I was pleasantly surprised by how easy it was to read and how inspiring the messages were therein. For work we had to jot down 25 things from the book that we found touching or important. There were so many things that made me think, that I had to pare back what I had written to be able to write things from later in the book. It is definitely a good read, and very inspiring for anyone, no matter what faith.

This is the second time I am reading this book. I am finding new things as I am reading it this time and highlighting areas that mean a lot to me and can help me live a better Christian life and how to love other people. I recommend this book very highly. It is written in such a way that it is in a story form what God tells us how to live through His Word.

Quick, easy read but lacked substance. It's a feel good sorry but not something you can easily insert into your daily life.

This is another great story by Jon Gordon. Easy to read and full of great advice and strategies to improve you, your life and your business.

great reading, picking up a lot of good points for my endeavor to entrepreneurship.
