101 Things You Will Regret When Youâ€™re Old: The Best Birthday Book

Synopsis

It is often said that we should never regret the things that we do in life, just the things that we don't. While that may be true, there are always situations that you may look back upon, usually in old age, and wonder if doing it differently would have made a difference. *101 Things You Will Regret When You're Old* is a compilation of the things you will most likely regret in your later years. This is partly a book which can be given as a reflective gift for an older person and partly a motivational book for younger readers to make sure they don't fall into the same traps. It is perfect for birthdays, as a gift to a special friend, or for someone who is in need of motivation, to remind them that, even with regret, it is important to stay happy. Get your PAPERBACK copy of *101 Things You Will Regret When You're Old* today and stay positive despite your regrets.

They say youth is wasted on the young. Are you wasting yours? Do you ever think about your days in the old age? We know, you're so busy you sometimes don't have the time to contemplate about your future. But maybe you need the future's perspective to tell if you're leading the life you want. We all want to live our life to the fullest. We all want to do something that is meaningful, to us as well as to other people. Remember that it's not too

late to still do the things you enjoy the most. Here are 101 things you will regret when you're old.

Too often we miss taking the shots right in front of our eyes, which later on we often regret in life. This book lists some scenarios which we might consider regretting not taking advantage of or missing out on. A simple book with just one or two sentences in a page but if you sit and ponder over you realize the depth of these words. A book I will go over in my life several times to ensure I don't miss out on living my life to the fullest.

This book has something in it for everyone and no matter who you are I bet you'll find something in here you can relate to! I know for me not quitting a job I hated was the biggest one for me. I was so afraid of what would happen, but once I did it I realized it wasn't as bad as it seemed. Just being aware of things can help you snap out of it and make changes for a positive impact on your life!

Amazing young author who has a bright future. His life experiences have been translated into beautiful prose for the world to feel. I hope to see more work from Marango Publishing in the future.

Repeats the same things alot. Has one sentence on each page. Would be good in hard copy if someone wanted to write their own thoughts on each page, maybe.

what a blast! this book is amazing and so so true! we better get on the list of 101 things then so we have no regrets!!

Don't bother! Glad it was free and I didn't have to pay for it! Deleted it from my Kindle.

Read in a few minutes. Only lists the 101 items, several words per page. No explanations. Probably should have downloaded sample. Don't waste your money. Even free not worth your time. OK, to be kind, maybe buy it for a birthday as a joke?
