Welcome To The Club: 100 Parenting Milestones You Never Saw Coming

Synopsis

From the comedian behind the popular parenting blog The Ugly Volvo comes a refreshing spin on the baby milestone book. Instead of a place to lovingly capture the first time baby sleeps through the night, this book shows what it's like the first time baby rolls off the bed/sofa/changing table, leaving mom or dad in a state of pure terror (it happens). These 100 rarely documented but all-too-realistic milestonesâsuch as "First Time Baby Says a Word You Didn't Want Her to Say"âprovide comfort, solidarity, and comic relief for new parents. Laugh-out-loud relatable text and distinctive paper-cut illustrations of these "bad" parenting moments make this a must-have book for anyone entering the mysterious club of parenthood.

Customer Reviews

Raquel D'Apice is a humor writer and founder of the popular blog The Ugly Volvo. She lives in New Jersey with her husband and son.

Bought this for my sister who is expecting twins in October. Such a cute little book for new parents. I took a browse through myself before packaging it up to send off. She will love it.

Great book for expectant parents, irreverent and funny - not your typical baby care book. I highly recommend it.

This book is SO. FUNNY! We have three kids and it is hilarious to read through and remember all

this stuff! Definitely purchasing for baby showers from now on!

I bought this book after seeing it on a Facebook Feed someplace. I immediately bought it for a friend who just had her first child. I love giving fun, truthful humor books to first time moms. Highly recommend this lighthearted truth book for any new mom and dad that will need that laugh!

given as baby shower gift. i read some of it before wrapping it. LOL great book, i aswear many of those i have experienced. no feedback from new first time mom and dad of twins yet but they are gonna have twice the fun with their kids.

Bought this for new parents and they loved it. Strikes a good balance between light-hearted/down-to-earth commentary and more serious advice.

I got this as a gift and it's the only parenting book I've read all the way through! Have started to gift it to other new parents now!

Funny and true
